DR. PAGE, A COSMETIC DENTIST FROM CAMARILLO, CA...

joined Scheduling Institute in August 2020, right after the first surge of Covid-19. While so many people and businesses were struggling, Dr. Page made the decision to invest in team training and consequently increased his New Patients by 33% after just one month.

As Members of the New Patient Growth & Experience Program, Dr. Page and his team took the next several months to complete their Mystery Patient Audit, Fast Start Bootcamp and New Patient Experience On-Site Training. Just six months after joining Scheduling Institute, Dr. Page had experienced a 41% increase in New Patients and a 29% increase in Collections. His practice growth journey is far from over!
